

## poisonous waters

Powfu

Just got a text  
Soon I'll check, but I know it's not from you  
Reach for the sky  
I'm out of time, you're hanging with someone new  
Feel like I've been sleeping on a ice cube  
My skin ain't getting warmer 'til it finds you ('Til it finds you)  
It's said and done  
Gave it my all, guess you're not made for me  
Two different lives  
You know your way, I'm walking aimlessly  
Searching the cupboards for where the time went  
Only hear your voice when it's silent

I'm burning the letters you sent me from places you moved  
Every day it gets harder accepting the truth  
And I know that you left with a lump in your throat  
All the songs that I wrote now are pointless  
And I knew how you felt when we would lay on the floor  
Saw the soon we would crash and I was far from the shore  
Needed time and advice, not a shattering life  
But you left me alone in poisonous waters

You left me alone, you left me alone  
I checked my phone last night, remember last July?  
We watched the fireworks, that was our final time  
And now I close my eyes, countin' back from ten  
I find the safest place to be is in your arms again  
Now you're gone and I'm lost, though I'll act like I'm brave  
You're out, oh, you're the sea while I'm sinkin' at bay  
If I die too, know that I tried to find you

I'm burning the letters you sent me from places you moved  
Every day it gets harder accepting the truth  
And I know that you left with a lump in your throat  
All the songs that I wrote now are pointless  
And I knew how you felt when we would lay on the floor  
Saw the soon we would crash and I was far from the shore  
Needed time and advice, not a shattering life  
But you left me alone in poisonous waters

And I knew how you felt when we would lay on the floor  
Saw the soon we would crash and I was far from the shore  
Needed time and advice, not a shattering life  
But you left me alone in poisonous waters

How can you just lead me on?  
Walk until the sun is gone  
Left me with a mystery  
Oh, that's something you would do  
Wish you were the riverbanks  
See where I end up again  
Hope my body floats to you so you feel the  
Feel that I felt upon a time  
Forgetting the color of your eyes  
A few shades more darker than mine  
Your heart's like the mouth of a swine
