

see what i see

Powfu

I'm still running out of time
Feels like I'm running for my life
If I let you in my mind
Can you promise not to cry
When you find out what's inside

And do you see what I see?
What do you dream when I sleep?
'Cause I'm running out of time
Can you tell me all your lies
So we can finish everything

She told me she just flew in from Atlanta
Still had tags on her cases
Shared a bottle of tequila
That she said that she hated

I don't remember how it happened
But she stayed till the morning
When I drove her to her family
I could tell she was sorry

Still think of all the things that she told me
Still taking all these shots, need a goalie

First time like a painting
Meadows in my head
You're the color I've been chasing
I hope that it makes sense

I read the last chapter
'Cause that's the part that makes me cry
I act like I moved on
But really I haven't tried
So I lie
Say that I'm fine
I really thought that time would be right by our side

Hate the fact that I had to leave you behind
If you walk into my heart, you gonna feel alive
Swear I feel too much, so I get high

And do you see what I see?
What do you dream when I sleep?
'Cause I'm running out of time
Can you tell me all your lies
So we can finish everything
