

## shade of blue

Powfu

I spin a shade of blue  
I don't know what to do  
But I'll see you in the morning  
Baby I'm no fool

Yeah you don't seem to care  
Quite like you used to do  
But I'll see you in the morning  
Baby I'm no fool

Baby why you been so foolish  
Don't gotta put me through this  
Laying on the dirt floor  
Missing all the tulips

Brushing on my cheeks  
Flying free  
Now I'm locked down  
Still call you my princess  
Cuz I don't wanna stop now

Grew up in a small town  
Life was always good enough  
All we had was friends sipping pop at the cinema  
Then we took a turn for the worst  
Yelling out our conversations  
Once in month became everyday shit

Ya lets face it  
Got no patience  
Can't erase this  
Alcohol was added toxifying our relation  
Ship sink can't think  
Water in my ears  
It's hard to end a story we been living in for years

I spin a shade of blue  
I don't know what to do  
But I'll see you in the morning  
Baby I'm no fool

Yeah you don't seem to care  
Quite like you used to do  
But I'll see you in the morning  
Baby I'm no fool

Yo baby can you tell me why I'm blue again  
You acting like a hooligan  
I do resent  
The way you choosing quick with who you fooling with  
I'm too convinced  
That you just wanted me because I'm cool as shit  
Honda Civic you crashing it  
Brand new Beamer I'm cruising in

Listen up  
Why you talk a lot when you don't risk enough?

The jig is up, now I've been moving on  
We getting into stuff  
She natural  
Only into women with no nipple tuck  
And girl I did a lot for you, so how did I not give a

Falling like there's part of the floor gone  
Until I hit the ground and knew I couldn't be more wrong  
I only liked the image I created when we met in the past  
And yea I found that sticky note that said we never could last  
We didn't

I spin a shade of blue  
I don't know what to do  
But I'll see you in the morning  
Baby I'm no fool

Yeah you don't seem to care  
Quite like you used to do  
But I'll see you in the morning  
Baby I'm no fool
