

Yeah, I want you dearly
All the skies are clearing
Yeah, the doors unlocked
I'll be inside watching the clock
Don't wait for the perfect timing
The rain drops got silver linings
Yeah, my life's a mess
And your the only good thing left

Running through summer nights
I don't wanna waste more time
Probably got a lot to say
And talk about the day we fell
I know you think of me
I think about you all the time
Maybe it's harder than I think
But I think me and you should try

Don't walk along the sides
You'll be empty on the inside
Your fears are what you make them to be
I'll help you bury these

Yeah, I want you dearly
All the skies are clearing
Yeah, the doors unlocked
I'll be inside watching the clock
Don't wait for the perfect timing
Rain drops got silver linings
Yeah, my life's a mess
And your the only good thing left

Running through summer nights
I don't wanna waste more time
Probably got a lot to say
And talk about the day we fell
I know you think of me
I think about you all the time
Maybe it's harder than I think
But I think me and you should try

I think that we should try
I think that we should try
Only good thing I have left
I want you dearly
It's clear to me
You're the best thing that I'll ever have in my life
