

When Things Were Awkward

Powfu

I walked by a girl with the same perfume
As the one you used to wear
I can't help but to think of you
And now I see you everywhere
And time won't stop for us
But maybe we can go a bit longer
We can both start again
Let's go back to when things were awkward

I remember running with you skipping classes
If our parents found out
They would probably kick out asses
Me and you were troubled kids
Trouble's what we looked for
We were similar
There was nothing we were good for
Talks with you
Sitting in the harbour
Walk on the docks
Till the skies got darker
Small blue waves
And your eyes dark green
When you said goodbye
You would kiss my cheek

And I know that
I'm the one to blame
But if I lose you
I can't move on again

I walked by a girl with the same perfume
As the one you used to wear
I can't help but to think of you
And now I see you everywhere
And time won't stop for us
But maybe we can go a bit longer
We can both start again
Let's go back to when things were awkward

I walked by a girl with the same perfume
As the one you used to wear
I can't help but to think of you
And now I see you everywhere
And time won't stop for us
But maybe we can go a bit longer
We can both start again
Let's go back to when things were awkward
