Prelow

In the middle of the night
I don't know where we stand
I was looking for a light
You were looking for a tan

I don't want to be patient
And you don't want to be a nurse
I didn't want to get wasted
But goddamn 'cause you got there first

It's nights like these
Where no, man, there's nowhere else I'd rather be
'Cause I'm looking at her
And she's looking at me
And I swear to god I've seen it all before like on TV
It's nights like these

Are we going to the park?
Are you bringing your friends?
I don't wanna know the plot
I just wanna know the end

I don't wanna play faith
And you don't wanna play games
I don't wanna go home
But you don't want to know names

It's nights like these
Where no, man, there's nowhere else I'd rather be
'Cause I'm looking at her
And she's looking at me
And I swear to god I've seen it all before like on TV
It's nights like these
