

I DON'T WANNA BE LIKE YOU!

Presence

If I'm a mess
Maybe it's cause I learned from the best
Tryna fill the hole inside my chest
I'll be fine, just need a sec
I'm gonna learn, just haven't yet
I make mistakes, I get upset
You make mistakes and go to bed

Is it fate or is it DNA? (Yeah)
On your way, you said you're on your way (yeah)
Running late, I guess you're running late (yeah)

Thanks for reminding me that I don't wanna be like you
So don't come running out of the blue
Every time I see you, I lose
Crying on shoulders
Those days are over
I don't want to be like you!

(I don't want to be like you)

Don't even 'member what I said to you (said to you)
Cause I was too busy forgetting you (yeah yeah)
Thought you should know I'm doing better too (better too)
Now I'm somebody that you wish you knew

Now I see red when I see you calling
Gave you every single chance, you were never all in
Don't be coming off the bench when you see me ballin'
Cause you never picked me up when you saw me fall

I could never be like you
'Cause all the shitty things you do
It's time for me to cut you loose
Thanks for reminding me, I don't want to be like you

Is it fate or is it DNA? (Yeah)
On your way, you said you're on your way (yeah)
Running late, I guess you're running late (yeah)

Thanks for reminding me that I don't wanna be like you
So don't come running out of the blue
Every time I see you, I lose
Crying on shoulders
Those days are over
I don't want to be like you!
I don't want to be like you!
I don't want to be like you!
