

# Thinkin Bout Us

## Presence

I know that you get mad 'cause I don't always text you back  
But I can't  
'Cause when I do  
I just always get too attached  
But even if I don't respond  
Just know I have your back  
And I need you more than I need my own breath  
Matter of fact  
I need you to the point I almost wish I never met you  
But no matter how hard I try, I can't forget you  
You see losing you to me  
Would be like losing a blessing  
And sometimes  
It feels that way  
When we lose connection  
And

Maybe I ain't been on your mind  
But I'd be lying if I said you weren't on mine  
And maybe I'm just wasting your time  
But for you I would probably lose my mind

Maybe I ain't been on your mind  
But I'd be lying if I said you weren't on mine  
And maybe I'm just wasting your time  
But for you I would probably lose my mind

And sometimes  
I often forget  
That you aren't mine  
And that very same thought is what has me losing my mind  
I don't always open up, but you was one of a kind  
Every time I heard your voice I replayed it a thousand times  
In my head  
Every word you said  
I think about you in the night when I lay in my bed  
Yeah it's crazy how you broke my heart and ain't know that you had it  
I just always give my heart away I guess it's just a habit

I was only thinking bout you  
I was never thinking bout me (yeah)  
I was only thinking bout us  
Thinking bout the things we could be (yeah)

I was only thinking bout you  
I was never thinking bout me (yeah)  
I was only thinking bout us  
Thinking bout the things we could be (yeah)

Oh yeah it's crazy how you broke my heart  
And now I feel like Post Malone because I fall apart  
Was so in love like cupid had hit me with a dart  
And all I wish is I could just go and press restart  
But it's crazy 'cause I can't do it  
Through all the times I am just trying to get through it  
My uncle died and it really had my heart moving  
I never told him that I loved him and I felt stupid

And it's crazy  
'Cause that's the same thing I didn't tell you  
It's not what I said  
But what I didn't  
And it feels glued  
And oh those scars are old  
But man  
They still feel new  
And how those three words have left me feeling so bruised

So bruised  
So bruised  
I love you  
How those three words have left me so bruised

I was only thinking bout you  
I was never thinking bout me (yeah)  
I was only thinking bout us  
Thinking bout the things we could be (yeah)

I was only thinking bout you  
I was never thinking bout me (yeah)  
I was only thinking bout us  
Thinking bout the things we could be
