

## Fixation

Press Play

I've got a fixation for you  
I'm captivated more by you  
I live for you in everything I do  
I give my life to stand up for the truth  
I lay my life down for this freedom I have  
Found in you

[Chorus:]

I can't live without you here  
I can't live unless I know you're near  
You got me so fixated captivated  
I'm lost in you

[Bridge:]

I live for you in everything I do  
I give my life to stand up for the truth  
I lay my life down for this freedom I have  
Found in you
