Jesus Christ you know I love you
Jesus Christ the Son of God
Let your living water fill me
Let it come and make me whole
Let your holy spirit fall on me
Let it burn like fire from above
Let it touch my heart so deep inside of me
Let it build my faith so I believe
Let it strip away every part of me
Let it pour into my hungry soul
And set me free
Praise the Lord
Hallelujah, Hallelujah
Praise the Lord forevermore
