

# If All Your Parts Don't Make a Whole

Press to Meco

Heal my mind  
This dread keeps returning

I see disaster right round the corner  
See disaster right round the bend  
I see disaster right round the corner  
See disaster right round the bend

What brings me to this reality?

And if you're searching for an answer  
And if you're searching for the things you might have missed  
Boy you'll never know  
Find comfort in being alone  
Find solace when nowhere feels like home  
Learn to let go  
And if you're searching for an answer  
If all your parts don't make a whole

Believe me you're not alone

Bad design  
We set to analyse  
Sixteen and stolen wine  
The music dies  
You breathe a sigh  
I'm doing fine  
I'm doing fine

And if you're searching for an answer  
And if you're searching for the things you might have missed  
Boy you'll never know  
Finding comfort in being alone  
Find solace when nowhere feels like home  
Learn to let go yeah

I see disaster right round the corner  
See disaster right round the bend  
I see disaster right round the corner  
See disaster right round the bend

The more you know  
The more you know you'll never know  
The more you know  
The more you know you'll never know
