I got hunnid niggas that would do you for a breezy  
But crodi do it for free just to tell me that he sleezy

See we caught him on a back street

Shawty she a batttri she fuck with killas  
She said her man is real but ye I'm realer  
She love that im a drilla, a drug dealer  
If these niggas gonn slide, then you know we slide back  
9 shots up in his ribs we call that a nine pack  
You can catch me on the Finch, we live where the crime at  
If that boy ain't got no bodies we than we can not sign that  
This Cully way too big I can't even park it  
And you niggas want no beef, so please do not start shit  
See this Deadmihana in my blunt got me feeling nauseous  
And the streets know I'm a killer way before a artist  
When it comes to this rap shit, I'm the hardest  
Cuz the streets they want it raw, so I give you raw shit  
And I never had a flaw way before diamonds flawless  
She said baby you too mod, I just be acting modest
