

Mail Man

Pressa

That lil bitch fucking with so many guys
His big homie boss is a friend of mine
And I just sent a message to a plug of mine
Mail man dropped the bird like it's dynamite
Baby girl fucking with so many guys
His big homie boss is a friend of mine
And I just sent a message to a plug of mine
Mail man dropped the bird like it's dynamite

I'm in some Off-White and Valentino
I put that pussy on a wave I drive a speed boat
Everybody wanna kill me like an animal
Mail man dropped the bird like Geronimo
Fuck a broke nigga, Fuck a broke bitch
I lost my best friend, I nearly lost it
A'int no bunk beds in the coffin
And Pressa drop a nigga like a casket
And Pressa turn a bird into an ostrich
We fell in love with the game and then we sauced it
Gucci money clip and fuck a wallet
The day I trust a bitch I bought a spaceship
And I been in the hills eating blueberries
We throw it all in the air like a hail mary
And we did it all with bloody money
I'm in the kitchen cooking dope til my arms bury

That lil bitch fucking with so many guys
His big homie boss is a friend of mine
And I just sent a message to a plug of mine
Mail man dropped the bird like it's dynamite
Baby girl fucking with so many guys
His big homie boss is a friend of mine
And I just sent a message to a plug of mine
Mail man dropped the bird like it's dynamite
