

Sophomore

Pressa

Bitch I'm balling, bitch I'm balling like a sophomore
I'm the neighbourhood sophomore
Got more fucking bags than the sophomores
So she don't want a sophomore
Give her every everything she ever ask for
But she just gonna ask more
Gotta skip a class she don't wanna skip more
Cause she just failed her last course

Good girl turned into a boss bitch
You could called it corrupted
I got bitches soaking wet like a ocean
And I ain't even touch it
Good girls eye's on the demons
And they back up like they scholars
I, I, I ain't even holler
I think she wants what's on my collar
Got a dancer in the street like Caribana
That's my navy blue Phantom
And Deadmihana go buy cars for the mandem
And TBH go buy me up Rihanna
Never listened to my teacher, never listened to the anthem
Pocket full of gold so I keep a cup of magnums
And I can chase these girls
Never once you catch me tag em
Remember in her DM's, now nigga I dodge 'em

Bitch I'm balling, bitch I'm balling like a sophomore
I'm the neighbourhood sophomore
Got more fucking bags than the sophomores
So she don't want a sophomore
Give her every everything she ever ask for
But she just gonna ask more
Gotta skip a class she don't wanna skip more
Cause she just failed her last course

Pressa need a mansion and a cottage
Pressa finna skip his life through college
Still Gucci, this ain't Louis, that ain't Pradas
Balmain, Giuseppe, Balenciagas
She the type to have her friends jealous
Cause Pressa might just buy her a necklace
I don't wanna chill and watch Netflix
You can save it for the guys on the friends list
She so bad got me in the girls change room
She so bad might just get me suspended
She the type to have a nigga rent it
But I never ever took it offensive
Pressa more realer than authentic
Broke her heart but I never ever meant it
Trust a bitch never thought for a second
So she can be my trophy reason why I bought a pendant

Bitch I'm balling, bitch I'm balling like a sophomore
I'm the neighbourhood sophomore
Got more fucking bags than the sophomores
So she don't want a sophomore

Give her every everything she ever ask for
But she just gonna ask more
Gotta skip a class she don't wanna skip more
Cause she just failed her last course
