

Bricks this shit finna kill these niggas

Rollie on my wrist it made me different
Diamonds they go water, they go liquid
My teacher said I was stupid, now my wrist is stupid
And my chain is looking Cuban
She a cute bitch, she say I'm cupid
Summer snowstorms and winter it get humid
I'm a demon, she thought I was human

These diamonds on my wrist it make ya head hurt
I was in the trap you were a store clerk
Sixty shots in this 380 fuck a mossberg
New kids on the block like the Wahlbergs
Newspaper, news clip, new body, got a new lick
Niggas out here scream my name and never do shit
Ridin' in the hood bumpin' my new shit

Rollie on my wrist it made me different
Diamonds they go water, they go liquid
My teacher said I was stupid, now my wrist is stupid
And my chain is looking Cuban
She a cute bitch, she say I'm cupid
Summer snowstorms and winter it get humid
I'm a demon, she thought I was human

I put Meek Milly on the phone with the lifers
My nigga GD tatted up look like a biker
My feenie did a toke and he got hyper
I'm in the trap with million dollar dreams and nightmares
Lil' nigga on the block he got a temper
When I'm dead remember me more than November
I'm all about my number, bout my letter
Thirty years got me lookin' like a professor
[?], no, pole
If that nigga got a headshot probably responsible
Sideways, niggas horizontal
Cocaine, feds say we phenomenal

Rollie on my wrist it made me different
Diamonds they go water, they go liquid
My teacher said I was stupid, now my wrist is stupid
And my chain is looking Cuban
She a cute bitch, she say I'm cupid
Summer snowstorms and winter it get humid
I'm a demon, she thought I was human
