

Dance Alone

Preston Pablo

Tonight I wanna hold you close
I don't wanna let you go
Lovin you is all I know

Mmm girl
Look into my eyes and tell me why
You got me tantalized
Yea you got me feelin so alive
Ain't no surprises

On our way on our way
We don't waste time
Grab my hands lay em down on your wasteline
Then we get low
If you let me take you for a ride
You'll memorize it

Tonight I wanna hold you close
I don't wanna let you go
Lovin you is all I know
And I don't wanna dance alone

Let the music take control
And all of your problems go
If we never make it home
I don't wanna dance alone
Don't wanna dance alone
Don't wanna dance alone

Even if it's only for a night
Make it feel like a lifetime
I could never ever sell you lies
Your touch is righteous

On our way on our way
We don't waste time
Grab my hands lay em down on your wasteline
Then we get low
Even if it's only for a night
Let's make it timeless

Tonight I wanna hold you close
I don't wanna let you go
Lovin you is all I know
And I don't wanna dance alone

Let the music take control
And all of your problems go
If we never make it home
I don't wanna dance alone
Don't wanna dance alone
Don't wanna dance alone

Put your hands all on my body
Once we start it, we can't stop it
Put your hands all on my body
Cuz I don't wanna dance

I don't wanna dance
(Don't wanna dance alone)

Put your hands all on my body
Once we start it we can't stop it
Put your hands all on my body
Cuz I don't wanna dance
I don't wanna dance
(Don't wanna dance alone)

Tonight I wanna hold you close
I don't wanna let you go
Lovin you is all I know
And I don't wanna dance alone

Let the music take control
And all of your problems go
If we never make it home
I don't wanna dance alone
Don't wanna dance alone
Don't wanna dance alone

On our way on our way
We don't waste time
Grab my hands lay em down on your wasteline
(Don't wanna dance alone)
Don't wanna dance alone
