

# He A Bad Guy

Preston Pablo

Can't seem to figure it out  
All the things you say from your mouth  
Got me to thinking out loud

He a bad guy  
With a nice ride  
Play the music too loud when he outside  
Can't bring to your mom and dad in your lifetime  
'Cause once they figure it out  
All the things you say from your mouth  
Got them to thinking out loud (bad guy, you right)

Don't leave me  
Where you found me I need it  
Like a drug and I'm fiending  
For your love tonight  
Don't break me  
Tell me that you fucking hate me  
Ima need more than saving  
Until I'm alright  
Just hold me  
I don't ever wanna be lonely  
Take my hand and show me  
What's on your mind  
(And I'll be the bad guy)

He a bad guy  
With a nice ride  
Play the music too loud when he outside  
Can't bring to your mom and dad in your lifetime  
'Cause once they figure it out  
All the things you say from your mouth  
Got them to thinking out loud (bad guy, you right)

But you don't care  
All the tattoos with that bleach blonde hair  
Screaming it ain't fair  
He the only one that could handle you  
He the only one take a stand for you  
But you not the only one on his mind  
He a bad guy  
With all the tattoos and the nice lil jewels  
I know how you feel baby felt that too  
I could never change so you not changing too woah
