

# Red Eyes

Preston Pablo

Ooh ooh ooh  
Ooh ooh ooh

Dancing with your red eyes  
All night  
Skin tight  
We could make this one night  
Feel like forever  
I can feel the tempo  
Heartbeat so slow  
We could make this one night  
Feel like forever

Love, it can be messy  
I'm good if we skip on that part  
Baby if you let me (let me)  
Tonight I'll give you what you need  
Want you to take it all from me  
Something tells me you don't disagree  
(No, you don't, you don't)

All out of lovin'  
That's on me  
Energy low  
So come charge me  
That body alone can control me  
I love the way you're

Dancing with your red eyes  
All night  
Skin tight  
We could make this one night  
Feel like forever (forever)  
I can feel the tempo  
Heartbeat so slow  
We could make this one night  
Feel like forever

Ooh ooh ooh  
Ooh ooh ooh  
Ooh ooh ooh  
Ooh ooh ooh

Somethin' 'bout the tension when we touch  
I'mma need some more, can't get enough  
Said that I would never fall in love  
Baby, you might have to call my bluff (yeah, yeah)  
Usually, I wouldn't let you know  
But you're movin' that waistline just like a pro  
That's why I can't let you go  
You should know

All out of lovin'  
That's on me  
Energy low  
So come charge me  
That body alone can control me

I love the way you're

Dancing with your red eyes  
All night  
Skin tight  
We could make this one night  
Feel like forever (forever)  
I can feel the tempo  
Heartbeat so slow  
We could make this one night  
Feel like forever

Ooh ooh ooh  
Ooh ooh ooh  
Ooh ooh ooh
