

# STFU

Preston Pablo

Don't say you're sorry  
'Cause I don't buy it  
I look into your eyes  
Don't say you love me  
And then destroy me  
O-o-oooh

Don't say you know me  
'Cause you don't know, nothin'  
You don't even know yourself  
Girl, shut the fuck up, you're such a liar  
O-o-oooh

Ooh, I don't wanna hear nothing from you  
Fool me once but now I'm through  
Dealt the cards at hand, but who gon' loose?  
O-oooh, I think it's you

S-T-F-U, I had to next you  
The type of girl that's shaded like a pretzel  
The way you actin' is so disrespectful  
God damn, I wish I never met you

Have you lost your mind?  
You're mo-o-oving like you have  
You're wasting everybody's time  
O-o-oooh, woah

Think you got it - you don't got it  
Say you wanted a different option  
I should've listened when they told me that you were all about nonsense, oh  
Ye-yeah, yeah

Ooh, I don't wanna hear nothing from you  
Fool me once but now I'm through  
Dealt the cards at hand, but who gon' loose?  
O-oooh, I think it's you

S-T-F-U, I had to next you  
The type of girl that's shaded like a pretzel  
The way you actin' is so disrespectful  
God damn, I wish I never met you (Met you)

Ooh  
I wish I never met you  
Oo-hoo

Ooh, I don't wanna hear nothing from you  
Fool me once but now I'm through  
Dealt the cards at hand, but who gon' loose?  
O-oooh, I think it's you

S-T-F-U, I had to next you  
The type of girl that's shaded like a pretzel  
The way you actin' is so disrespectful  
God damn, I wish I never met you

(Ye-yeah, yeah)
