

From the depths of my despair, you've found me out  
And you pulled me down  
I told you things, I hope you kept  
Oh, I don't know what to feel, but I just want it to end  
When do you end, when do I start?  
You were my light in the dark  
I gave all my love to you  
And look what you put me through

So if I'd wait for you, would you wait for me?  
If I was falling apart  
Can't you see me here, without you my dear?  
I am so lost

Ooh, ooh, mmm

Ooh, ooh, ooh  
Ooh, ooh

So if I'd wait for you, would you wait for me?  
If I was falling apart  
Can't you see me here, without you my dear?  
I am so lost
