

Shock the World

Pretty Boy Floyd

Teenage rampage in Hollywood
There is terror in the town tonite
Leather boy - Electric Dolls
The rampage gives the world a fight
Tonite will be as wild as we can be
And Now we broke the chains and we're free
free to
(chorus)
Shock the World
Shock the World
We'll Shock the World together
Tonite will be as wild as we can be
And Now we broke the chains and we're free
Tonite this nite was made
for you and me
Blame it on a teenage rage
That rage is comin' your way
At Least they found the power
And they gonna stand up and free
Tonite will be as wild as we can be
And Now we broke the chains and we're free
free to
(chorus) 3X
Tonite - this nite it's made for you and me
Because tonite we'll break the chains
and we'll be free
