

Kingmaker

Pretty Maids

I'm your visionary tower
I'm your stepping stone
I'll consolidate your power
Pave the way for your throne

I'll push you ahead
Now the stage is set for your reign

I am he who pulls the strings
And no one knows my name
Behind the curtains I'm the king
The ruler of the game

I will control you
And slowly impose you my will

Here I am
Kingmaker
I'm the one who's forging your destiny
Here I am
Kingmaker
I am he who brings you the crown

I have got the remedies
To infiltrate your mind
Intrigues and conspiracies
Mislead you all in blind
I'm gonna make you shine

Here I am
Kingmaker
I'm the one who's forging your destiny
Here I am
Kingmaker
I am he who brings you the crown

I'll perpetuate your will and your vanity
Sparkle you with glance
I'll manipulate your skills to my own advance

Here I am
Kingmaker
I'm the one who's forging your destiny
Here I am
Kingmaker
I am he who brings you the crown
And I bring you down
