Loveshine

Pretty Maids

My baby she's a sexual intellectual Something special and she's mine Invaluable unusual amusing and she's cruzial to my life

She picked me up Just like an angel out of nowhere One little miracle An answer to my prayers

Love shine on me Lift me up take my heart in your hands Love shine on me Never stop cause you're the only one My rising sun of love Shine on me

I find her irresistable so magical So mystical but she's physical She is She leaves me in a state of grace The sparkle on my rainy days She's my bliss

She takes me unerneath her wings when I feel blue My sweet soulsister Now my heart belongs to you

[Chorus]

When I feel lonely like a sailor lost at sea She makes me realize what love can be She's so good to me Loveshine

[Chorus]
