

Feel Da Rush

Pretty Ricky

Saaaay ladiesssss
You got to...feel da rush ayyyyyy
Feel da rush ayyyyyy

You lie down on the couch kissin me from head to toe
You breathin harder like yo oxygen cuttin low
I grab my bare dick and in my skin we feelin good
Im lickin round ya nipples, dick harder than some wood
I started suckin on ya belly button with some ice
Say ooo yea baby girl I know your feelin nice
Say feel da rush, feel da rush
I'm lovin' you with me
We feeling good like we trippin off dat ecstasy
Say feel da rush, feel da rush, for lovin you with me
We feeling good like we trippin off dat ecstasy
Say feel da rush, feel da rush
I'm lovin' you with me
We feeling good like we trippin off dat ecstasy

You gotta...feel da rush, from off one touch
Gave me one kiss got my dick standin up
If you aint wanna do it all night you outta luck
I wanna make love have sex and to fuck
A we could...do it all night, without the lights
And if itz tight don't worry I'll make it right
Its like we flowin off dat ecstasy
High as a kite
I don't eat pussy girl but tonight I might
I wanna hit ya from da front and behind
And we can do it anywhere whateva on ya mind
Just sit back and recline its my time to shine
Make you cum first girl before I get mine
You need to...let me kno what's ya fantasy
And I'mma fullfill every need that you plan to see
And it's alright if I aint ya man ta be
But I promise girl keep it between you and me.

Say no more playin tongue I went to playin wit yo clit
You scream my name say "MARCUS, please give me dick!"
I don't wanna rush,
Babygirl let's move it slow
We hittin foreplay as we walk through da door
Ooh baby Ooh baby Ooh baby got me feelin good
Say feel da rush, feel da rush, comin from my wood.
