

Puddles

Pretty Ricky

Ohhhh

You ain't gotta say to much to me
Cus I know how to get your body wet for me
Woahh when I go down
I'ma have your body so weak leave a puddle in the sheets
When I go down and baby I'ma keep it coming all night
I'm bout to take it over

The way you leave a puddle in the sheets
Got me feeling like I'm on the beach
Got you bent over on the seat
Like a scuba diver MacGyver I'm bout to go deep
Brought a umbrella cus that thing dripping
How its so wet and its still gripping?
Smell like fruit let a nigga sip it
Taste like fruit eat it in the kitchen
Soaked up the covers
Mami pussy wet like butter
Every time I fuck she ask me if I love her
And I tell her hell yea I don't even stunt
Got my latex on cus cus I'm wetter then a motherfucker
Open up let me wet them vocals
Shorty squirt like super soakers
Met her in the atl that strokers
She'll be eating that meat like vultures

Now lay you down now
Let me put my head down now
(Baby that it over) Wet wet girl you so wet
I don't want no choices sit it on my face and take it over
Girl I know you like that you ain't never been so wet
(Baby bring it closer) oh oh I got you like oh
I do the things your nigga never do ohh

I'ma have that leaking all night
I'ma lay you down before I dig you down
I'ma lick that ass right
You done ran from the floor to the headboard
But baby bring that ass back
Now get that ass sliced
Now throw that ass back
While I get that ass smacked
Hell yea we gone do this shit like its a movie
Now it'll take but a lil bit
So a real nigga get that juicy
I can make that pussy wetter than the motherfucker weather
Its the old and the new me
The old slick or the new slick
Got a old bitch and I hit that bitch with this new dick she like ooh shit

Yea yea
Who get you wetter Spectacular Smith
I'm signing my name on my tongue
While I'm gripping them hips and kissing them lips
We are PR who's freaky as a blue star
Last girl was that Meagan Goode

Fucked around and got a new car
So baby girl just hush
You ain't gotta say much
Relax it ain't no rush
Let me get a plate of them guts
For take out gotta eat you up
Like my chopper you gon buss
Rectify like this taker
Suck on her neck
And when she want sex
She call on spec
You ain't never gotta be tired
Cus I got a place for you to sit down
When you feeling freaky
Wanna get away just call me and we can skip town
If I'm on the road I'll fly you in

My favorite girl in the whole world
And I love the way you get down
Hell naw we ain't fall off
