

## Dirty

## Pretty Sick

I haven't felt something new in a long time  
I want to be with you, make you all mine  
Mi-mi-mi-mi-mi-mi-mine  
But I promised I would stop being bad  
Didn't think that I'd be dirty like that

I know that it's not right to tease  
Know that you're not mine to please  
I know that it's not right to tease  
Know that you're not mine to please

What made me sick now makes me smile  
I wonder if you'll stick around for a while  
My, my, my, my, my, my, my  
'Cause I can't remember if I've ever felt  
This much like myself with anyone else

I know that it's not right to tease  
Know that you're not mine to please  
I know that it's not right to tease  
Know that you're not mine to please  
I know that it's not right to tease (Not right)  
Know that you're not mine to please (Not right)  
I know that it's not right to tease (Not right)  
Know that you're not mine to please (Not right)  
To please (Not right)  
Please (Not right)
