

## Drunk

## Pretty Sick

Time flies whether you're having fun or not  
How could I put it any simpler?  
The kids in the gutter doing better off than you are  
You're waiting 'til you've got it figured out  
Maybe it's better than expected, but  
Is it anything close to what you dreamed of?

So I drink myself into a stupor  
I'm in the supernova  
I'm in the supernova  
I drink myself into a stupor  
I'm in the supernova of it all

I won't write songs about nothing  
I won't pretend it's easy for most of you  
I won't write songs about nothing  
I won't lay down and let you please yourself for a few  
I'm no spokesman promoting utopia  
I got lucky with the timing  
Got lucky

So I drink myself into a stupor  
I'm in the supernova  
I'm in the supernova  
I drink myself into a stupor  
I'm in the supernova of it all

It all, it all  
It all, it all  
It all  
It all

Sad  
Fuck  
Sad  
Drunk

Is it what you expected?  
Is it what you expected?  
Is it what you expected?  
Is it what you expected?  
Is it everything you expected?  
Is it everything you expected?  
Is it everything you expected?  
Is it everything you expected?  
Is it everything you expected?  
Is it everything you expected?  
Is it everything?  
Is it everything?
