

## Dumb

## Pretty Sick

Are you always gonna be hanging around?  
Are you always gonna be hanging around?  
Are you always gonna be hanging around?  
Are you always gonna be hanging around?

Born stupid useless  
Needs to be  
Taken care of  
I need some  
Assistance  
Self-assurance  
From years of  
Persistence  
Pour out of me  
I give all there's to give

You say, said it'd never be this way  
You ain't my friend  
You ain't my friend  
You say, said it'd never be this way  
You ain't my friend  
You ain't my friend

Born wasted fated  
Could never  
Make my voice heard  
There's no word  
That has truth  
Self-assurance  
Come from years of  
Persistence  
Pour out of me  
I give all  
There's to give

You say, said it'd never be this way  
You ain't my friend  
You ain't my friend  
You say, said it'd never be this way  
You ain't my friend  
You ain't my friend

Are you always gonna be hanging around?  
Are you always gonna be hanging around?  
Are you always gonna be hanging around?  
Are you always gonna be hanging around?
