

# Blister

Pretty Vicious

Don't feel sad

Life is far too short to feel that you are not alone

I'm right here by your side

So come on, come on, come on

'Cause I, I'm blistered and I'm fine

This modern world is ripe, yeah

So I don't take it, I don't take it, I don't take it

I don't take it right

You'll feel bad

The tongues are far too coarse to feel that we are on our own

Let's take it in our stride

So come on, come on, come on

'Cause I, I'm blistered and I'm fine

This modern world is ripe, yeah

So I don't take it, I don't take it, I don't take it

I don't take it right

Yeah I don't take it right

'Cause I, I'm blistered and I'm fine

This modern world is ripe, yeah

So I don't take it, I don't take it, I don't take it

I don't take it right

Yeah I don't take it right
