

Sleepwalker

I'm feelin' out of body and somehow I can't breathe
Is this the coma or the pull of narcolepsy?
In a maze and I can't get out
Wanderin' when blueprints fade out
Stumble through the nights when I missed the mark
Acid tears leave a path of pastel scars
Somewhere between dream and sleep
Euphoria's a place I can't reach
(A place I can't reach)

I've seen visions of my tomorrows
In the copper afterglow
I'm a sleepwalker
I've had dreams destroy the nightmares
In the cosmic ebb and flow
I'm a sleepwalker
Sleepwalker, sleepwalker

Been seein' myself in third person
Talkin' to the walls as if they would listen
To the shadow figure in my REM
Are you a demon or a guardian?

It's more than methaphysical
A phantom of the chemicals
A venom of the fallible
A fallin' of the pinnacle
Time is immaterial
I'm made to be ethereal
The killin' of the critical
Alignin' with the cynical
Codes from a future's past
Down a path
That was only ever built to crash
But I'll take it back
Put the power back in my hands
At long last

I've seen visions of my tomorrows
In the copper afterglow
I'm a sleepwalker
I've had dreams destroy the nightmares
In the cosmic ebb and flow
I'm a sleepwalker
Sleepwalker, sleepwalker

Countin' black sheep
Till my eyes bleed
Silent when I scream
Can't stop from
Pullin' out my own teeth
Countin' black sheep
Till my eyes bleed
Silent when I'm
Choking on the dirt

Reaper fear me
Countin' black sheep
Till my eyes bleed
Silent when I scream
Can't stop from
Pullin' out my own teeth
Countin' black sheep
Till my eyes bleed
Silent when I'm
Choking on the dirt
Reaper fear me
Fear me

I've seen visions of my tomorrows
In the copper afterglow
I'm a sleepwalker (Sleepwalker)
I've had dreams destroy the nightmares
In the cosmic ebb and flow
I'm a sleepwalker (Sleepwalker, sleepwalker)
Sleepwalker, sleepwalker

I'm a sleepwalker
