

BLU-RAY

PRETTYMUCH

How you do that?
Shawty looking good, I'mma pursue that
Think I'm seeing blue in your mood ring
Maybe me and you could catch a Blu-ray
How you do that?
Shawty looking good, I'mma pursue that
Think I'm seeing blue in your mood ring
Maybe me and you could catch a Blu-ray

I see you on Valentine's
Wherever you at I'll drive
Swervin' I don't know why
Got me off balance
'Cause I've been going through it, oh yeah
If you just tell me if you want it
I'll go through with it, with you
'Til I'm through with it, girl it's all on you

You don't have to play
You don't have to play
You don't have to go
I think it's safe to say
When I'm face-to-face
You're the one I want
Imma always pick up when you're calling
Imma always be there in the mornin'
Seven days a week, yeah
You're the one that I need

How you do that?
Shawty looking good, I'mma pursue that
Think I'm seeing blue in your mood ring
Maybe me and you could catch a Blu-ray
How you do that?
Shawty looking good, I'mma pursue that
Think I'm seeing blue in your mood ring
Maybe me and you could catch a Blu-ray

Smokin' til the sunrise
Feel the blue eyes
Only watch the sun for the blue sky
She say I'm the man, baby you right
Still I can't find
Anyone better than your type
Anyone better better than

You don't have to play
You don't have to play
You don't have to go
I think it's safe to say
When I'm face-to-face
You're the one I want
Imma always pick up when your calling
Imma always be there in the mornin'
Seven days a week, yeah
You're the one that I need

How you do that?

Shawty looking good, I'mma pursue that
Think I'm seeing blue in your mood ring
Maybe me and you could catch a Blu-ray
How you do that?

Shawty looking good, I'mma pursue that
Think I'm seeing blue in your mood ring
Maybe me and you could catch a Blu-ray

How you do that?

Shawty looking good, I'mma pursue that
Think I'm seeing blue in your mood ring
Maybe me and you could catch a Blu-ray
