Baby, I can tell that you been creepin' 'cause you tweakin'
Baby, you don't need that
If he don't leave you speechless, you don't gotta keep him

And I can be the one who takes you home tonight
You ain't gotta tell your man tonight

And I can tell you agree

Ain't gon' be no sleepin' in the sheets
Know you know what I mean (I mean)
I'll give you the kingdom and the key (Key)
Then I'ma dive in the deep

You can get it anywhere like a hotspot
Have you ever made love in a droptop?
There's a first time for everything

Ain't gon' be no sleeping in the sheets
Know you know what I mean (I mean)
I'll give you the kingdom and the key (Key)
Then I'ma dive in the deep
I don't wanna leave, this ain't no mistake
Tell me where you come from, come with me (Come with me)
I don't wanna leave, let's just leave with me (With me)
Tell me, is you rollin'? Roll with me (Ooh-ooh)
