

I don't know what's got you scared
Let me, let me know you care
Let me, let me know you're there
Hmm

Yeah, you don't think it'll get better
Huh, I'm no better
But if we can't communicate
Then girl, it ain't love
We got issues but I'm down to trust us
'Cause it ain't for anybody but us
Can't fix it, being physical
Even though I love the visual

But that just ain't me
So after we pick our clothes up off the floor
I already know you're halfway out the door
I don't know what's got you scared
Let me, let me know you care
Let me, let me know you're there

I can't give it up
You're my weakness, something like a drug
Addictive, but I think I had enough
I'm thinking, I can't keep this up
And every talk, I got everything to say
This time, I ain't begging you stay
This time, so let me know, baby

Say you just thinkin' out loud, cut to the chasin'
I've been patient with you
But you keep running me down, I'm tryna speak up
But you turning me out
But I can't take it no more
Baby I'm all for it, give it to you

But that just ain't me (But that just ain't me)
So after we pick our clothes up off the floor
I already know you're halfway out the door
I don't know what's got you scared
Let me, let me know you care
Let me, let me know you're there

I can't give it up (I can't give it up)
You're my weakness, something like a drug
Addictive, but I think I had enough
I'm thinking, I can't keep this up
And every talk, I got everything to say
This time, I ain't begging you stay
This time, so let me know, baby

Let me know, let me (I don't know what's got you scared)
Let me know, let me (Let me, let me know you care)
Let me, let me know you're there
So let me know, baby
So let me know, baby
