

Mind Of Poseidon

PRETTYMUCH

If the time is right
And the mood is right
Will you come with me? (yeah yeah)
If the vibe is right
And the pool is nice
Would you swim with me?

Would you dive in with me, don't hesitate
Don't be afraid, it only gets better from here
Hop in the jacuzzi
Cool off in the shower
And drip until we soak the bed

I do you right how you like it
You say the word, I say goodbye to the silence
Then we wake up inside the mind of Poseidon
Then we wake up in the mind of Poseidon
I do you right how you like it
You say the word, I say goodbye to the silence
Then we wake up inside the mind of Poseidon
Then we wake up in the mind of Poseidon

Baby, if you're home tonight
Imma time it right
Every time again, yeah
I know you ain't wanna let nobody get close
But I won't let nobody else inside of your clothes

Would you dive in with me or hesitate?
A different space, that you've ever been
So we'll hop in the jacuzzi, cool off in the shower
And drip until we soak the bed

I do you right how you like it
You say the word, I say goodbye to the silence
Then we wake up inside the mind of Poseidon
Then we wake up in the mind of Poseidon
I do you right how you like it
You say the word, I say goodbye to the silence
Then we wake up inside the mind of Poseidon
Then we wake up in the mind of Poseidon

How you know what's left?
If we ain't even started?
Yeah, take the last chance
Take my left hand
You can take my last breath
'Cause we're going under

I do you right how you like it
You say the word I say goodbye to the silence
Then we wake up inside the mind of Poseidon
Then we wake up in the mind of Poseidon

I do you right (right)
How you like it
You say the word I say goodbye to the silence (woah)

Then we wake up inside the mind of Poseidon
Then we wake up in the mind of Poseidon (mind of Poseidon, oh)
I do you right how you like it (like it)
You say the word I say goodbye to the silence (silent treatment!)
Then we wake up inside the mind of Poseidon (whoo!)
Then we wake up in the mind of Poseidon
