

Phases

PRETTYMUCH

Oh
Babe

Know you tryna do you
But I heard you fell off
After couple bad nights
And twenty cold hearts
Mmm

Tryna find the new you
But I heard you got lost
Tryna figure your worth
What the hell does that cost?
Ay

When I'm kissing you, gripping your thigh
I realize you were destined and meant to be mine
But who I am to conflict with you living your life?
Just know when you call
I'm at the end of the line

I'll practice my patience
While you're getting wasted
Till fate brings you home
I'll wait through your phases

You'll shuffle through faces
Like songs in your playlist
Till fate brings you home
I'll wait through your phases, phases, oh

Hitting all the right cues
And you're leaving your mark
But I know that ain't you (Ain't you)
You're just playing your part, baby
Or

Tryna fit in them shoes but you take it too far
It doesn't matter where it takes you
I'll go wherever you are
Oh

When I'm kissing you, gripping your thigh
I realize you were destined and meant to be mine
But who I am to conflict with you living your life?
Just know when you call
I'm at the end of the line (Oh)

I'll practice my patience
While you're getting wasted
Till fate brings you home
I'll wait through your phases

You'll shuffle through faces
Like songs in your playlist
Till fate brings you home
I'll wait through your phases, phases

I'll wait I'll wait through your phases, phases
I'll wait I'll wait through your phases, phases
For you I'll wait through your phases, phases
I'll wait I'll wait
I'll wait through your phases, oh

Yeah, I'm really tired of being soft-spoken
You got me broken
Writing songs about you daily
And it's messing with my focus
You fuck with him
But we both realize that he was bogus
I'm the one for you, so why do I feel like I go unnoticed?
Talking more than clothes hitting floors
I'm falling off-track, but not the rack like a chore
Oh look another butterfly, feel it in my core
Even though you ain't mine, it's the fact that I'm yours
It's the fact that my life ain't complete without yours
It's the fact that at night I be tryna ignore
Catching overseas flights just to knock on your door
'Cause you put my planet in orbit
Stargirl, your body so solar
Promise you, baby, I'm sober
Just wait till you give in and finally come over
I can't wait to tell you, I told ya, I told ya

I'll practice my patience
While you're getting wasted
Till fate brings you home
I'll wait through your phases

You'll shuffle through faces
Like songs in your playlist
Till fate brings you home
I'll wait through your phases, phases (Let's go, oh)

I'll wait I'll wait through your phases, phases
I'll wait I'll wait through your phases, phases
For you I'll wait through your phases, phases
I'll wait, I'll wait (I'll wait through your phases)
Oh
