PRETTYMUCH

Yeah-yeah  
Ooh, oh yeah-yeah

Pretty girl, let me in, where them hips at?  
Lipstick stains on the wall  
When you're dancing like that, hell yeah  
No time for small talk

So I'll take you anywhere, take you anywhere, where you wanna go?  
Ayy, and I wonder if you're talkin', wonder if you're talkin' 'bout me on your own

So I'll take you anywhere, take you anywhere, woah, woah, woah  
Ayy, and I wonder if you're thinkin', is you thinkin' 'bout me when I'm on the road?

Ayy, talkin' 'bout last summer  
I be talkin' 'bout last summer  
You were broke, you were runnin'  
Sick of Californian lovin'  
You were always chasin' something  
Girl, let me be that something

Let me be that  
Baby only love me 'cause she knows I got my funds up  
VVS diamonds on my neck frozen like the tundra  
Got us out in Nobu, we don't do no Benihana  
MV full of niggas from our hometown, pushin' hunnids  
Yeah, still a young up-and-comer  
Feelin' like I'm Future way I'm racking up the commas  
Be my Lori Harvey, shawty got it from her mama  
Be mine for the summer, being mine just for the summer  
I can't do it any longer, heard they landin' for the title  
Heard I'm fly, no Harry Potter  
I'm the favorite, but I'm the favorite from your daughter  
Heard I'm fly just like a kite, oh, I-I

So I'll take you anywhere, take you anywhere, where you wanna go?  
Ayy, and I wonder if you're talkin', wonder if you're talkin' 'bout me on your own

So I'll take you anywhere, take you anywhere, woah, woah, woah  
Ayy, and I wonder if you're thinkin', is you thinkin' 'bout me when I'm on the road?

No good in goodbyes  
Tell me what you're trying to find  
We could fly away tonight  
No good in goodbyes  
Tell me what you're trying to find  
We could fly away tonight

Ayy, talkin' 'bout last summer  
I been talking 'bout last summer  
You were broke, you were runnin'  
Talkin' 'bout last summer  
Always talking 'bout last summer

You were always chasin' something

Pretty girl, let me in, where them hips at?

Lipstick stains on the wall

When you're dancing like that, hell yeah

No time for small talk

So I'll take you anywhere, take you anywhere, where you wanna go?

Ayy, and I wonder if you're talkin', wonder if you're talkin' 'bout me on your own

(If you're talkin' 'bout me when I'm gone, yeah)
