Take you overseas, out in Paris  
You gon' need a bag and a visa  
Goin' back and forth, don't ease up  
You can rock the boat, Aaliyah  
I'm trying to slide in the crib and get it again

All the girls standin' in the crowd won't you shout!  
If you're feelin' sexy, let me hear you scream and shout!  
Oh, I just wanna hear you say my name when you shout!  
When his eyes go away, you should stay

So I can make you shout, shout, let it all out (Let it all out)
