

Teacher

PRETTYMUCH

Yo, it's PRETTYMUCH
Comin' through, comin' from you live, you know
I'm just tryna figure out what you can be
Cause uh...AYE!

You could be my teacher (where they at)
You could be my boss (where they at)
Ohhh, you could be my lover (where they at)
You could be my car (where they at)
Baby I could drive ya, ohhh, anywhere you want (so so)
Ahh, you could be my teacher (where they at)
Oh yeah, you could be my boss

So tell me your wish
I could do the night or the day shift
You could find my name on your playlist
Your favorite girl, yeah
And on the real tip (real)
Everything we do is salacious
Meet me in your room or the basement
Escapin' girl, yeah

Like that Prada you stole
Put me on like your clothes
We can rock nice and slow
Yeah me and you, true

You could be my teacher (where they at)
You could be my boss (where they at)
Ohhh, you could be my lover (where they at)
You could be my car (where they at)
Baby I could drive ya, ohhh, anywhere you want (so so)
Ahh, you could be my teacher (where they at)
Oh yeah, you could be my boss

It's your birthday
Every single day it's your birthday
I can make you feel like Tinashe
In every way, yeah yeah
And when the beat drops
We'll keep on dancin' cause we can't stop
We'll be connected like a hotspot
I got Wi-Fi, girl

Like that Prada you stole
Put me on like your clothes
We can rock nice and slow
Me and you, true (yeah, that's true)

You could be my teacher (where they at) (oooooh)
You could be my boss (where they at) (you could be my boss)
Ohhh, you could be my lover (where they at)
You could be my car (where they at) (said you could be girl)
Baby I could drive ya, ohhh, anywhere you want (yeah anywhere you want baby)
Ahh, you could be my teacher (where they at) (ya, oh yeah)
Oh yeah, you could be my boss (I don't give a what)
Cause uh..

I like you
I want you
Indeed baby
Take a seat baby

Oooh! Aye!
