

# Temporary Heart

PRETTYMUCH

Hang me out to dry with all your clothespins  
Heart was on the line like all your close friends  
I wish I would've seen where this was going  
I wish I would've known before it hurt

Said that you'd be cheering in the bleachers  
Instead your only focus was demeanor  
My mama told me she can't wait to meet you  
I just wish I would've known before it hurt

Go!

Circles and circles, I'm running  
I know I won't get too far  
I'd be lying if I said I didn't mind that you left me scarred  
And now everything we were before is nothing but a memory  
I'll give anything in exchange  
For this temporary heart

For this temporary heart  
But it's temporary

Sitting here, I'm thinking 'bout confessin'  
Never really wanna learn my lesson  
I let you be the center of attention  
I let you be the center of my world  
Now every time I close my eyes, all I see is you  
I just wish I would've known before it hurt

Go!

Circles and circles, I'm running  
I know I won't get too far  
I'd be lying if I said I didn't mind that you left me scarred  
And now everything we were before is nothing but a memory  
I'll give anything in exchange  
For this temporary heart

A temporary heart  
Woo!  
For this temporary heart  
But it's temporary

You're no good, you're no good, you're no good for me  
Said you loved me but don't wanna be with me  
'Til I full-on forget all that's left of me, baby  
Is this temporary heart  
You're no good, you're no good, you're no good for me  
Said you loved me but don't wanna be with me  
'Til I full-on forget all that's left of me, baby  
Is this temporary heart, oh  
For this temporary heart (But it's temporary)  
But it's temporary  
(Hang me out to dry with all your close friends)  
(Hang me out to dry with all your)  
(Hang me out to dry with all your)
