

My Calling

PRhyme

Ready?

Yeah

I was told by god to bar rap
I thought he meant go to bars, buy bottles and all that
As far back as I care to remember I been very stupendous
Birds flockin', coppin' furs, watching canaries pigeons
I reinvented after I quit and buried the image
Uncle Joe told me "take care of your business"
Hoes know me, I'm the only nigga famous in the D, you still the C
On the block ballin', ask her am I callin'

So you know my bitches wide bodied
My whip is wide bodied
Religion, god got it
I walk up in here like:
This is my party
Getting these hoes' numbers like
This is my calling
My calling

Easy to be criticizin' the music, comparing number
Or making America great again, wearing rompers
I ran bundles for that clown, I can't mumble
Or stand stumble, I sat down, I stand humble

PHryme

Take the boxing gloves off
Hand 'em for the god
We do it for the music
'Cause I rise to the top, then I lay it down flat

PHryme

Take the boxing gloves off
Hand 'em to the God
We do it for the music
'Cause I rise to the top, then I lay it down flat

I'm what you call a boss
I buy the booth then do the toast
I don't flock though, I inspire the youth, do the most
Lemon pepper wings from Hooters flow
The coolest though
I swing on you quick if you missed you the hoe
I come from the school of hard knocks, only the students rose
Sippin' from a calist that's Michigan College, blue and gold
Feel like I belong here, though I'm labeled as garbage
A ballplayer was maybe my calling
Maybe I was made for tricking dollars and misbehavin' in Starlit's
Breaking a misses heart with her sister and maid of honor
She's conflicted 'cause she watches me go out in the streets, and lose the v
ery same respect
She witnessed me making honor
And I got all this stuff, but I'm stuck being alcoholic bruh
All mixed up, like Aunt Jemima
My pants cost a thousand
They made by designers with names I done forgot 'cause I can not pronounce t
hem

And all my bitches wide bodied
My whip is wide bodied
Religion, god got it
I walk up in here like:
This is my party
Calling my sidechick up like
This is my calling
My calling
