

## Found A Friend

### Pride & Glory

Time... oh, take some time  
Oh, if you wouldn't mind just a minute or two  
'Cause time done weighin' on my mind baby  
Blinded my eyes baby, not knowin' what to do

Alone I've done held the hand of sorrow  
Feelin' I'm hangin' from the gallows  
Lord won't ya please color my sky one time blue  
When life left town, and run me through, yeah  
Oh baby, I'm just glad I found a friend... a friend in you  
Oh yeah

Now listen... I tried... lo', how I done tried  
Oh, not to break down when it was goodbye  
An' I say, no one said it was gonna be easy  
I found out that ain't no damn lie

Alone I've done held the hand of sorrow  
Feelin' I'm hangin' from the gallows  
Lord won't ya please color my sky one time blue  
When life left town, and run me through, yeah  
Oh baby, I'm just glad I found a friend... a friend in you

(Yeah, thanks brotha')

Alone I've done held the hand of sorrow  
Feelin' I'm hangin' from the gallows  
Lord, won't ya please color my sky one time blue  
When life left town, oh baby, an' run me through  
Oh baby yeah, I'm just glad I found a friend  
Friend in you...  
A friend in you, yeah, oh...  
Friend in you, yeah...  
A friend in you, yeah  
Friend in you, baby you...  
A friend in you, yeah, oh yeah...  
A friend in you, baby, oh yeah  
(Shit, a friend, in you)  
(Ohh-ahh-ohh-ohh...)
