

Design Within Reach

Priests

Things that are less expensive
The warmer bed
Less pain
The warmer bed
Daily aerobics to keep you sane
Keep you sane
Design within reach
Design within reach
Facing fear only when you have to
Consequences only when you have to. When you have to
When you are thinking, "If I don't I might, if I don't I might,
if I don't I might die"
But always, you are going to die
You are going to die you are going to die you are going to die
Design within
How easily we forget in order to live
But is that analgesic preventative?
Making preparations, waiting to no longer be afraid
Talking yourself
Talking yourself out of it, into it, out of it, into it
Out of it, into it into it
Into it
