

Radiation

Priests

I used to think that I couldn't take it so I wouldn't watch it,
I wouldn't watch it
But this new signal can't be disconnected
Screen in the back of the passenger seat in front of me has com
manded we
Must buy a Lincoln, drive a Lincoln
TV screen says we'll buy a Lincoln
TV screen says we'll buy a Lincoln
Screen knows we have a lot on our plate
We must make room for a stay
At hotels with me, you'll come with me
TV screen says you'll come with me
TV screen says you'll come with me
TV screen says you'll come with me
Can't turn off these tv screens
There is no button, no "up to me"
There is no button, no "up to me"
There is no button no "up to me"
I used to think that I couldn't take it so I wouldn't watch it,
I wouldn't watch it
But now I'm worried
Now I'm worried
About radiation
