Priests

Oh pretty baby when we go to bed  
You make me make me go out of my head  
Oh pretty baby when we go to bed  
You make me make me make me make me make me make me uh  
And when we go out at night  
They try they try to get us into a fight  
And when we go out at night  
They try they try to get us into a fight  
Say no  
Say no  
Say no  
Say no say no say no say no  
When they try to get us into a fight  
You got my back, yeah you hold me so tight  
When they try to get us into a fight  
You got my back, yeah you hold me so tight uh  
When we play when we play the beat  
Get them kids get them up on their feet  
When we play when we play the beat  
Get them kids get them up on their feet
