Priests

A little Youtube sartre says  
There's no way to overthrow the bourgeoisie  
Except tossing a hand grenade  
into your society

Don't believe, don't believe  
Don't believe yourself to be  
Don't believe, don't believe  
Don't believe yourself to be  
A virtuous thief  
Or virtuous about anything

Peter Fonda's USA  
Motorbiking bedfellows with Pinochet  
Baby boomer please don't play  
Personal freedom's always been ugly

Don't believe, don't believe  
Don't believe yourself to be  
Don't believe, don't believe  
Don't believe yourself to be  
A virtuous thief  
Or virtuous about anything  
A virtuous thief  
Or virtuous about anything

Sometimes I miss those childish insecurities  
My shallow feelings of superiority  
We're hell and the handbasket, aren't we?  
We're hell and the handbasket, aren't we?
