

Second To None

Primal Fear

Amongst the crowd, amongst all others
This place is packed, but you're still alone
You feel like a visitor in a massive rose garden
And day by day, it's getting worse

Just take my hand
Escape with me
I know a place
Where we can go

Be wild, stay young
Live life to the fullest
'Cause it's second to none
Be wild, stay young
Live life to the fullest
'Cause it's second to none

From nine to five, you're caught in the treadmill
Your boss is all right, but you still feel caged
There must be more that life has got to offer
And now it's time to find it out, yeah

Just take my hand
Escape with me
I know a place
Where we can go

Be wild, stay young
Live life to the fullest
'Cause it's second to none
Be wild, stay young
Live life to the fullest
'Cause it's second to none

Be wild, stay young
Enjoy it to the fullest
Be wild, stay young
Live life to the fullest
'Cause it's second to none

Just take my hand
And escape with me
I know a place
Where we can go

Be wild, stay young
Live life to the fullest
'Cause it's second to none
Be wild, stay young
Live life to the fullest
'Cause it's second to none

Be wild, stay young
Just give it all
Be wild, stay young
Live life to the fullest
'Cause it's second to none
