Primal Scream

21st century slaves  
A peasant underclass  
How long will this shit last?  
Punk rock came and went  
and nothing changed  
Was it just a pose?  
Every generation buys the lie  
Just like the one before  
Bought and sold!

What happened to the voices of dissent  
Getting rich I guess  
Become part of the establishment  
Power corrupts the best  
They killed the counter-culture  
underground  
It offers no critique  
No revolutionary spirit left  
They've sanitised the freaks

It's the final solution  
To teenage revolution  
The total subjugation  
of the rock and roll nation  
Inducted, corrupted, seduced & reduced  
Deluded, excluded  
Shackled and hooded

Soldier boys dying in the war  
Hear their mothers cry  
The chairman of the board of B.P./Shell  
Are guilty of war crimes  
Thatcher's children make their millions  
Hey! Remember Robespierre!  
Guilty of complicity is guilt  
What are we doing here?

It's the final solution  
To teenage revolution  
The total subjugation  
of the rock and roll nation  
Inducted, corrupted, seduced & reduced  
Deluded, excluded  
Shakled and hooded

Make a pact with prostitution  
Sow disorder in the family

You speak of love  
You speak of colours  
You fear in others  
What you fear in yourself  
You hate in others  
What you lack in yourself  
Souls in chains  
Souls in pain  
Souls in chains  
Souls in pain

The underground horses are rising  
The underground horses are rising  
The underground horses are rising  
The underground horses are rising
