

# Love Ain't Enough

Primal Scream

Some swear that it can move mountains  
A greater power than the sea  
Some people say it's saved their souls  
It's never happened to me

Love ain't enough  
You've got to be tough

A fatal flaw in a human  
Is that you've got to believe  
In something greater than you and I  
It's never happened to me

Love ain't enough  
You've got to be tough  
Take everything that life can throw at you  
Love ain't enough  
Take everything that life can throw at you  
Love ain't enough

Some men devote their whole lives to  
A woman that they love  
To be taken advantage of  
And cursed out like a dog

Love ain't enough  
You've got to be tough  
Take everything that life can throw at you  
Love ain't enough  
Take everything that life can throw at you  
Love ain't enough

Try to face down an army  
With open arms and a smile  
The rent is due and the landlords here  
He'll be collecting in kind

Love ain't enough  
You've got to be tough  
Love ain't enough  
You've got to be tough

(Love ain't enough  
You've got to be tough  
Love ain't enough, love ain't enough  
Love ain't enough, love ain't enough)
