Shine Like Stars

Primal Scream

I watch you sleep, you look so peaceful You look so vulnerable, I feel scared for you To me you're precious, may you always Shine like stars, shine like stars, shine like stars

I watch you dance, you look so happy
Lost in the moment of abandon, you're set free
To me you're precious, may you always
Shine like stars, shine like stars, shine like stars

Shine like stars, shine like stars Shine like stars, shine like stars, shine like stars
