

# We Go Down Slowly Rising

Primal Scream

I something more that I can say  
To change your mind  
Suffering in solitude  
Get nearer all the time

If I could make it work  
If only I could say  
If only I could find a way  
To tell you

I'm so true  
Blind for you  
Day and night  
A change of season  
Dark and bright  
A thousand reasons  
Give and take and never break  
The promises we make whenever

Everything's possible  
I think we should try  
I wish I were with you tonight  
With you tonight  
With you tonight  
With you tonight

You are my everything  
You are my everything  
You are my everything  
You are my everything

You are my everything  
I can't do anything  
You are my everything  
You are the sun and sky  
You are the reason why
